Sustainable Projects... Making Energy Easy

The key machine will be here by end of June, so expect a call from us soon!

Welcome to our Spring/Summer Newsletter

The first few months of 2011 have gone by so quickly we're a bit late with our Spring edition – or are we early with our Summer version, the weathers been so good we're not sure!

We've been really busy delivering the Level 3 NVQ 'Providing Energy Efficiency Services' we've had a record number of candidates so the whole PCL team have got involved to ensure deadlines are hit.

The void scheme is growing, we've had interest from as far away as Devon, but as we're growing we're also looking for ways to improve so if you have any ideas we'd like to hear them - customer service is our key priority and feedback is really valued. Here's wishing you all a great barbeque Summer from the PCL Team!

Bright Ideas!! PCL Consultancy Services

Thermal Imaging – PCL now offers a thermal imaging survey service to our partners. If this survey is of interest please contact us to discuss your requirements in more detail and to receive a competitive quote.

Commercial EPCs – Since 1 October 2008 public building in UK over 1,000m² must display a Display Energy Certificate (DEC) prominently at all times. If your DEC is nearing expiry, or you require a Commercial EPC for any building, please contact us to discuss your requirements in more details.

Housing Stock Assessments & Recommendations – PCL offers an advocacy and advise service to help you assess the energy efficiency of your stock via Energy Performance Surveys. Via our fully trained City and Guilds Qualified Energy Advisors PCL are able to offer tenants advice that is specific to their needs as well as assess the improvements which could be made to their homes.

Tenant Event Days – PCL work with a wide range of social housing providers, and other organisations, delivery over 50 energy saving events and exhibitions over the past 3 years – providing specific energy saving advice and guidance to residents helping them to reduce their fuel bills and keep warmer.

Key & Card Request Update

We've recently issued a new Prepayment Devise (key/card) meter settings form. Could you please discard the old copy and replace with the new version. If you have not received a copy then please e-mail PCL at info@pcl-ltd.co.uk and we will send you a new copy.

Thank you

Energy Services Training

Have you had any staff changes and could benefit with some refresher training on the Void Scheme? If so please give a ring on 01733 568532 - we can offer 1:1 training via a telephone interactive session or alternatively come and see you!

Our Opening Hours
Monday to Friday from 9.00am till 5.00pm
(except Wednesday when we are closed from 9-10 for staff training)

Energy Saving Solutions for everyone!

For tenants that haven't been through the Energy Services Scheme we are now excited to offer our own Utilities Comparison Website. For those with access to the internet the site offers a quick and easy way to compare current tariff costs vs the cheapest on the market. To get the best results we'd advise that 1 quarterly bill is at hand when preparing the quote however if not available quotes can be based on property size and number of occupants. The site also works for customers who are on a Prepayment basis. Happy Switching! For more information please e-mail info@pcl-ltd.co.uk

We've gone Green!!

For the past 9 months we've been working hard towards our Investors in the Environment (IIE) Accreditation, we opted for the highest level (Green) and are excited to announce we've just been awarded our Green level accreditation! Here at PCL we take saving energy and resources very seriously and as part of our ongoing accreditation we plan to reduce our energy and mileage usage by a further 2%...not only will this lower our business carbon footprint but it will also save money! To find out more please visit www.iie.uk.com

Let us know what you think!
Is there anything we can improve on -or if there's anything good we're doing - We'd love to know!

Just drop us an e-mail or give us a call!
